

Bertrams is an independent, internationally oriented engineering company in the field of chemical plants. A total of around 120 people work at the headquarters in Muttentz near Basel and the subsidiaries in Beijing, Shanghai and Mumbai. Our many years of experience and in-depth know-how in process engineering, design, international project management and procurement have made us the world market leader in the field of caustic soda treatment and recycling.

To support our sales team at our headquarters in Muttentz/BL we are looking for an

Project Manager

for international projects

As a project manager in international plant engineering, you will manage projects from basic design through to acceptance and handover of the plant to the customer and will be responsible for all technical and commercial matters. You are enthusiastic about the combination of technology and project management. You find it exciting to accompany a project from start to finish and to be the contact person for all matters, both internally and vis-à-vis the customer.

Main tasks

- Clarification with internal departments (design, process development, sales, control technology, logistics, purchasing, etc.), suppliers (for detailed technical clarification) and customers
Responsibility for deadlines and budget (throughout the entire project)
- Organising internal and external status meetings
- Design and specification of instrumentation
- Creating specifications for technical equipment
- Supervision of construction and pipework planning, which is created by external partners
- Coordination of construction site activities in the head office with site managers on site
- Occasional travelling to our international customers (max. 10% of working time)

Your profile

- You are a graduate engineer (technical college/university) in process engineering or mechanical engineering (or have an equivalent qualification).
- You have several years of experience as a project manager in plant engineering.
- You enjoy working in an international environment with different cultures.
- You can express yourself fluently in English (written/orally).
- You enjoy carrying out technical work yourself and can also deal with routine tasks.
- You enjoy making decisions and can represent and enforce them appropriately.

What you get

- Exciting, challenging and varied tasks with development opportunities
- Attractive employment conditions in a modern, international working environment
- Good public transport connections, free employee car parks, charging stations for electric cars, free drinks, free fruit, and much more.

We are looking forward to receiving your complete application documents (letter of motivation, CV with photo, certificates, etc.) at jobs@bertrams.ch

--- Direct applications are preferred ---
