

Bertrams is an independent, internationally oriented engineering company in the field of chemical plants. A total of around 120 people work at the headquarters in MuttENZ near Basel and the subsidiaries in Beijing, Shanghai and Mumbai. Our many years of experience and in-depth know-how in process engineering, design, international project management and procurement have made us the world market leader in the field of caustic soda treatment and recycling.

To support our sales team at our headquarters in MuttENZ/BL we are looking for an

Proposal Engineer

Main tasks

You study the customer's enquiry documents with the aim of submitting a commercially and technically complete written offer within the specified time. This essentially includes:

- Development of technical concepts and solutions, process engineering design of the plant and its main components, combined with the corresponding calculation
- Preparation of quotations, including the following: Process description, scope of supply and services, list of equipment with parameters, project schedule, process guarantees, commercial conditions
- Input for the creation of plant concepts (layout, PFD, etc.)
- Technical discussions with our international customers
- Representation of our company in meetings and video conferences

Your profile

- You have a degree in process engineering or mechanical engineering specializing in plant and process engineering (or equivalent education)
- Ideally some years of professional experience in sales or in the planning of investment projects in plant construction (ideally in the chemical environment)
- Fluent in English, further language skills are an advantage
- You work independently, precisely, purposefully and have an efficient and structured way of working, even under (time) pressure from customers
- Very good communication and moderation skills for presenting our products
- Willingness to relocate to nearby Basel/MuttENZ
- Ideally Swiss or EU/EFTA-resident

What you get

- Exciting, challenging and varied tasks with development opportunities
- Attractive employment conditions in a modern, international working environment
- Good public transport connections, free employee car parks, charging stations for electric cars, free drinks, free fruit, and much more.

We are looking forward to receiving your complete application documents (letter of motivation, CV with photo, certificates, etc.) at jobs@bertrams.ch

--- Direct applications are preferred ---
